

Annual Diary Dates – 2026/27

Please find below our annual diary dates for parents for the academic year 2026/27. We aim to stick to these dates wherever possible but hope that you understand and appreciate that some things change beyond our control as the year progresses (the weather around sports day causes me significant stress!). If anything does change, we will try to give you as much notice as possible. Reminder letters and further information will be sent out nearer the time so don't worry if there is anything you are unsure about! There will be other things happening throughout the year such as trips and special events but not everything can be pencilled in so far in advance. We hope that you find this useful and that it helps you to organise busy family lives around some of our key events.
