Eureka trip

Year 3 and 4 went off to the Eureka Science museum in Halifax on Tuesday for a jam-packed day of exciting activities. As always, the children's behaviour was impeccable when they were out representing school and the museum staff commented on what a delight it had been to have them there for the day. There are loads of photos on their class pages on the website so you can see them having the best time and their recount writing based on their trip has been phenomenal. A huge thank you as always to parents for supporting the cost of trips financially. Without your payments, we wouldn't be able to take the children out of school and it is such an exciting and valuable experience for them. A huge thank you also to the staff and parent volunteers who ensured the trip was a success and Miss Quarmby for organising such a lovely day!!!

Clothing collection

A huge thank you to everyone for supporting our clothing collection to raise funds for Friends of Holly Hill. Another £54 added to FOHH funds to support school with all of the lovely extras we offer.

World book day

We had a lovely World Book day on Thursday in school and were very impressed with your Tshirt designs – a very creative bunch! All of the classes spent time reading a book called 'Tuesday' and have produced art work for a whole school display as well as taking part in our

A particular shout out to Falcons who organised a fabulous book sale for the whole school. This created a real buzz amongst the classes and they were desperate for their turn to go and have a look at the books and make their purchases. Thank you Falcons!

Science shop

Don't forget that all of next week we have our Science gadget shop open to the children during morning break time to celebrate British Science week. Mr. Close and I have set up the shop this morning and there are loads of really exciting things that the children will love – bubble wands, volcano experiments, sparkly slime, car kits, glow in the dark solar systems, magic cotton sand and loads more! Please send money in an envelope. If your child already knows what they would like, you could write this on too. If not, they are welcome to browse and make a choice when they visit.

The week ahead...

- Monday 10th to Friday 15th: Science gadget shop every morning break time (gadgets and toys range from 50p to £3.00).

Have a lovely weekend everyone – thank you for your continued support.

Mrs. Leanne Steed, Headteacher
